Note that Preliminary Amendment filed on January 12, 2004 was not screened where applicant claimed priority for us application No. 09/313,385 in the first sentence of the specification and the examiner added us Patent No. for us application No. 09/13,385. The rejections were made after consulting with 1600 Biotech Specialist Brian Stanton and SPT 1637 Gary Benzion. Primary Examiner, Ethan Wisehart suggests that the examiner do not make 102/103 rejection
